## General information

- **Late registrations**

are still possible up to 1 hour before the start in the event office

- **SUP course:**

The 10km route is marked with buoys. The buoys must be avoided on the outside (between the shore and the buoy). Care must be taken of the swimmers.

- **Important rules and fairness:**

Each buoy is closed to swim or to go around with the SUP. If someone ignores the buoys, this will be judged with a disqualification. We have set up a checkpoint at the refreshment station for the 10km swimmers and SUP athletes. Everyone has to pass this and have their name entered on the checklist.

Checkpoint = refreshment station on the island in front of the transformer house. Ignoring the checkpoint will result in disqualification.

- **Swimming buoy**

Wearing a swimming buoy is mandatory – it can be borrowed from the organizer for a fee (20 euros).

- **Facilities,**

Toilet, shower and changing rooms at the event office

- **Award ceremony:**

The first 3 ladies and gentlemen of each route will be awarded.

There is an age group rating

For the overall ranking, all points are added up and awarded at the big closing party.

- There is plenty of food in the finish area.
